We can now offer long weekend breaks, ideal for that mid season get away

** Mini Breaks - Saturday to Tuesday & Wednesday to Saturday can be booked the weeks marked **.

October in the Ariège is a superb time of year, the weather is not too hot yet seasonally very settled and usually dry. Even November can also be really warm. The ideal time to get away for a extra short holiday, when flights are inexpensive (Return flights from Stansted or East Midlands to Carcassonne including taxes for less than £90 return).

April & Early May in the Ariège is less settled, however the mountains & scenery are spectacular. The wild life and spring flowers are a bonus for any photographer, bird watcher or lover of nature **Cost of the minibreak is half the weekly rate**

We are now offering selected weeks when you can book for a long weekend 3 or 4 days. Fourth day 25% extra on 3 day rate. Ideal for a golfing break, corporate meetings, conferences or just for enjoying the beautiful Pyrénées.

The Heated Swimming Pool. If required, it can be maintained at 26°C (79°F) throughout October & the last week of April. However this would cost an extra £30 per day. From May - end of September the pool is maintained at a minimum of 27.5°C and usually reaches 30°C in July - there is no extra charge in the May - September period.
